

# The best talent can live anywhere in the world.

Moving people around the world demands special knowledge and deep government expertise. International relocation is an administrative nightmare that can have you buried in an avalanche of paper.

Plus international immigration is complicated and stressful for expats and their families. It can be a slow, painful, and demanding process that leaves both companies and employees burnt out. But it doesn't have to be.

We've figured out how to move talent around the globe successfully so you don't have to. We know how to make international moves simple and effective, so you can build your dream team without the stress.

We're experts at global mobility. We manage visas, work permits, contracts, and logistics. We even provide on-ground and cultural support for your new expat and their family. You can trust that our mobility solutions will bring the best global talent to your doorstep.

“Mobilising international experts can be impossible in some countries. From immigration, work permits, and local legislation to healthcare, insurance, and cultural adaptation, it's overwhelming. When we need to ensure success and rapid arrivals, we call Easy Skill and the rest is history,”  
Operations Director,  
CGG.

Global mobility is the key to drafting the world's best talent on your team. When your **global talent strategy requires diversity, expertise, and availability**, we've got you covered.

MOVE THEM.

## DID YOU KNOW?

There were 66.2 million expats in 2018 worldwide.

By the end of 2021, expats are forecast to reach 87.5

### Costs of Failed Expatriation

\$250,000 to \$1 million is the direct cost of failed expatriation.

Poor candidate selection is one of the top reasons for failure.

Administrative constraints are the reason why candidates abandon the expat experience.

Sending the right global people with proper expat training and support reduces failures dramatically.

International experience ranks among one of the top career goals for job seekers today.

Statistics compiled by Easy Skill, 2021.
